PREFACE

This volume is issued by the North Carolina Legislative Reference Library in order to furnish in succinct form information about the State, its government and institutions, which otherwise would require much investigation in many different sources. Unless otherwise stated, the data in each case is the latest available.

Similar manuals were issued by the Secretary of State in 1903, 1905, and 1907, and by the North Carolina Historical Commission in 1909, 1911, 1913, 1915, 1917, 1919, 1921, 1923, 1925, 1927, 1929, and by the Legislative Reference Library in 1931, 1933, 1935, and 1937. The demand for these volumes has been so great that all previous editions have been exhausted.

RULES OF THE HOUSE

Touching the Duties of Speaker

1. It shall be the duty of the Speaker to have the sessions of the House opened with prayer.

2. He shall take the chair every day at the hour fixed by the House on the preceding legislative day, shall immediately call the members to order, and, on appearance of a quorum, cause the Journal of the preceding day to be approved.

3. He shall preserve order and decorum, may speak to points of order in preference to other members, rising from his seat for that purpose, and shall decide questions of order, subject to an appeal to the House by any member, on which appeal no member shall speak more than once, unless by leave of the House. A two-thirds vote of the members present shall be necessary to sustain any appeal from the ruling of the Chair.

4. He shall rise to put a question, but may state it sitting.

5. Questions shall be put in this form, namely, "Those in favor (as the question may be) will say, 'Aye,' " and after the affirmative voice has been expressed, "Those opposed will say, 'No.' " Upon a call for a division the Speaker shall count; if required he shall appoint tellers.

6. The Speaker shall have a general direction of the hall. He shall have a right to name any member to perform the duties of the Chair, but substitution shall not extend beyond one day, except in case of sickness or by leave of the House.

7. All committees shall be appointed by the Speaker, unless otherwise specially ordered by the House.

8. In all elections the Speaker may vote. In all other cases he may exercise his right to vote, or he may reserve this right until there is a tie; but in no case shall he be allowed to vote twice on the same question.

9. All acts, addresses, and resolutions, and all warrants and subpoenas issued by order of the House shall be signed by the Speaker.

10. In case of any disturbance or disorderly conduct in the galleries or lobby, the Speaker or other presiding officer shall have power to order the same to be cleared.

11. No person except members of the Senate, officers and clerks of the General Assembly, Judges of the Supreme and Superior Courts, State officers, former members of the General Assembly, and persons particularly invited by the Speaker shall be admitted within the hall of the House: *Provided*, that no person except members of the Senate and officers of the General Assembly shall be allowed on the floor of the House or in the lobby in the rear of the Speaker's desk, unless permitted by the Speaker of the House.

12. Reporters wishing to take down debates may be admitted by the Speaker, who shall assign such places to them on the floor or elsewhere, to effect this object, as shall not interfere with the convenience of the House.

13. Smoking shall not be allowed in the hall, the lobbies, or the galleries while the House is in session: *Provided*, that smoking may be permitted in the lobby in the rear of the Speaker's desk.

Order of Business of the Day

14. After the approval of the Journal of the preceding day, which shall stand approved without objection, the House shall proceed to business in the following order, viz.:

(1) The receiving of petitions, memorials, and papers addressed to the General Assembly or to the House.

(2) Reports of standing committees.

(3) Reports of select committees.

(4) Resolutions.

(5) Bills.

(6) The unfinished business of the preceding day.

(7) Bills, resolutions, petitions, memorials, messages, and other papers on the Calendar, in their exact numerical order, unless displaced by the orders of the day; but messages and motions to elect officers shall always be in order.

No member shall rise from his seat to introduce any petition, resolution, or bill out of order unless he is permitted so to do by a suspension of the rules.

On Decorum in Debate

15. When any member is about to speak in debate or deliver any matter to the House, he shall rise from his seat and respectfully address the Speaker.

16. When the Speaker shall call a member to order, the member shall sit down, as also he shall when called to order by another member, unless the Speaker decides the point of order in his favor. By leave of the House a member called to order may clear a matter of fact, or explain, but shall not proceed in debate so long as the decision stands but by permission of the House. Any member may appeal from the decision of the Chair, and if, upon appeal, the decision be in favor of the member called to order, he may proceed; if otherwise, he shall not, except by leave of the House; and if the case, in the judgment of the House, require it, he shall be liable to its censure.

17. No member shall speak until recognized by the Chair, and when two or more members rise at the same time the Speaker shall name the member to speak.

18. No member shall speak more than twice on the main question, nor longer than thirty minutes for the first speech and fifteen minutes for the second speech, unless allowed to do so by the affirmative vote of a majority of the members present; nor shall he speak more than once upon an amendment or motion to commit or postpone, and then not longer than ten minutes. But the House may, by consent of a majority, suspend the operations of this rule during any debate on any particular question before the House, or the Committee on Rules may bring in a special rule that shall be applicable to the debate on any bill.

19. While the Speaker is putting any question, or addressing the House, no person shall speak, stand up, walk out of or cross the House, nor when a member is speaking entertain private discourse, stand up, or pass between him and the Chair.

20. No member shall vote on any question when he was not present when the question was put by the Speaker, except by the consent of the House. Upon a division and count of the House on any question, no member without the bar shall be counted.

21. Every member who shall be in the hall of the House for the above purpose when the question is put shall give his vote upon a call of the ayes and noes, unless the House for special reasons shall excuse him, and no application to be excused from voting or to explain a vote shall be entertained unless made before the call of the roll. The hall of the House shall include the lobbies and offices connected with the hall.

22. When a motion is made it shall be stated by the Speaker or, if written, it shall be handed to the Chair and read aloud by the Speaker or Clerk before debate. A motion to table or adjourn shall be seconded before the motion is put by the Speaker to the vote of the House.

23. Every motion shall be reduced to writing, if the Speaker or any two members request it.

24. After a motion is stated by the Speaker or read by the Clerk, it shall be deemed to be in possession of the House, but may be withdrawn before a decision or amendment, except in case of a motion to reconsider, which motion, when made by a member, shall be deemed and taken to be in possession of the House, and shall not be withdrawn without leave of the House.

25. When a question is under debate no motion shall be received but to adjourn, to lay on the table, to postpone indefinitely, to postpone to a day certain, to commit or amend, which several motions shall have precedence in the order in which they stand arranged; and no motion to lay on the table, to postpone indefinitely, to postpone to a day certain, to commit or amend, being decided, shall be again allowed at the same stage of the bill or proposition.

26. A motion to adjourn or lay on the table shall be decided without debate, and a motion to adjourn shall always be in order, except when the House is voting or some member is speaking; but a motion to adjourn shall not follow a motion to adjourn until debate or some other business of the House has intervened.

26a. In case of adjournment without any hour being named, the House shall reconvene on the next legislative day at twelve o'clock noon.

27. When a question has been postponed indefinitely, the same shall not be acted on again during the session, except upon a two-thirds vote.

28. Any member may call for a division of the question, when the same shall admit of it, which shall be determined by the Speaker.

29. When a motion has been once made and carried in the affirmative or negative, it shall be in order for any member of the majority to move for the reconsideration thereof, on the same or succeeding day, unless it may have subsequently passed the Senate, and no motion to reconsider shall be taken from the table except by a two-thirds vote. But unless such vote has been taken by a call of the yeas and nays, any member may move to reconsider.

30. When the reading of a paper is called for, which has been read in the House, and the same is objected to by any member, it shall be determined by a vote of the House.

31. Petitions, memorials, and other papers addressed to the House shall be presented by the Speaker; a brief statement of the contents thereof may be verbally made by the introducer before reference to a committee, but shall not be debated or decided on the day of their first being read, unless the House shall direct otherwise.

32. When the ayes and noes are called for on any question, it shall be on motion before the question is put; and if seconded by one-fifth of the members present, the question shall be decided by the ayes and noes; and in taking the ayes and noes, or on a call of the House, the names of the members will be taken alphabetically.

33. Decency of speech shall be observed and personal reflection carefully avoided.

34. Any member may arise at any time to speak to a question of personal privilege, and upon objection to him proceeding, the Speaker shall determine if the question is one of privilege.

35. Fifteen members, including the Speaker, shall be authorized to compel the attendance of absent members. A quorum shall consist of a majority of the qualified members of the House.

36. No member or officer of the House shall absent himself from the service of the House without leave, unless from sickness or inability.

37. Any member may excuse himself from serving on any committee if he is a member of two standing committees.

38. If any member shall be necessarily absent on temporary business of the House when a vote is taken upon any question, upon entering the House he shall be permitted, on request, to vote, provided that the result shall not be thereby affected.

39. No standing rule or order shall be rescinded or altered without one day's notice given on the motion thereof, and to sustain such motion two-thirds of the House shall be required.

40. The members of the House shall uncover their heads upon entering the House while it is in session, and shall continue so uncovered during their continuance in the hall, except Quakers.

41. A motion to reconsider shall be determined by a majority vote, except a motion to reconsider an indefinite postponement, or a motion to reconsider a motion tabling a motion to reconsider, which shall require a two-thirds vote.

42. After a bill has been tabled or has failed to pass on any of its readings, the contents of such bill or the principal provisions of its subject-matter shall not be embodied in any other measure. Upon the point of order being raised and sustained by the Chair, such measure shall be laid upon the table, and shall not be taken therefrom except by a vote of two-thirds of the elected membership of the House: *Provided*, no local bill shall be held by the Chair as embodying the provisions or being identical with any State-wide measure which has been laid upon the table, or failed to pass any of its readings.

42a. A motion to table an amendment sent up from the floor shall not be construed as a motion to table the principal bill or any other amendment which has been offered thereto, and if such motion is carried, only the amendment shall lie upon the table.

42b. When a member desires to interrupt a member having the floor he shall first obtain recognition by the Chair and

permission of the member occupying the floor, and when so recognized and such permission is obtained he may propound a question to the member occupying the floor, but he shall not propound a series of questions or interrogatories or otherwise interrupt the member having the floor; and the Speaker shall, without the point of order being raised, enforce this rule.

49. All bills and resolutions shall be reported from the committee to which referred, with such recommendations as the committee may desire to make.

50. Every bill shall receive three several readings in the House previous to its passage, and the Speaker shall give notice at each whether it be its first, second, or third reading.

51. Any member introducing a bill or resolution shall briefly endorse thereon the substance of the same.

52. All bills and resolutions shall upon their introduction be referred by the Speaker, without suggestion from the introducer, to the appropriate committee. No bills shall be withdrawn from the committee to which referred except upon motion duly made and carried by a majority vote.

53. The Clerk of the House shall keep a separate calendar of the public, local, and private bills, and shall number them in the order in which they are introduced, and all bills shall be disposed of in the order they stand upon the Calendar; but the Committee on Rules may at any time arrange the order of

precedence in which bills may be considered. No bill shall be twice read on the same day without the concurrence of two-thirds of the members.

54. All resolutions which may grant money out of the Treasury, or such as shall be of public nature, shall be treated in all respects in a similar manner with public bills.

55. The Clerk of the House shall be deemed to continue in office until another is appointed.

56. On the point of no quorum being raised, the doors shall be closed and there shall be a call of the House, and upon a call of the House the names of the members shall be called over by the Clerk and the absentees noted, after which the names of the absentees shall again be called over. Those for whom no excuse or sufficient excuses are made may, by order of those present, if fifteen in number, be taken into custody as they appear, or may be sent for and taken into custody wherever to be found by special messenger appointed for that purpose.

Previous Question

57. The previous question shall be as follows: "Shall the main question be now put?" and, until it is decided, shall preclude all amendments and debate. If this question shall be decided in the affirmative, the "main question" shall be on the passage of the bill, resolution, or other matter under consideration; but when amendments are pending, the question shall be taken upon such amendments, in inverse order, without further debate or amendment. If such question be decided in the negative, the main question shall be considered as remaining under debate: *Provided*, that no one shall move the previous question except the member submitting the report on the bill or other matter under consideration, and the member introducing the bill or other matter under consideration, or the member in charge of the measure, who shall be designated by the chairman of the committee reporting the same to the House at the time the bill or other matter under consideration is reported to the House or taken up for consideration.

When a motion for the previous question is made, and pending the second thereto by a majority, debate shall cease; but if any member obtains the floor, he may move to lay the matter

under consideration on the table, or move an adjournment, and when both or either of these motions are pending the question shall stand:

- (1) Previous question.
- (2) To adjourn.
- (3) To lay on the table.

And then upon the main question, or amendments, or the motion to postpone indefinitely, postpone to a day certain, to commit, or amend, in the order of their precedence, until the main question is reached or disposed of; but after the previous question has been called by a majority, no motion, or amendment, or debate shall be in order.

All motions below the motions to lay on the table must be made prior to a motion for the previous question; but, pending and not after the second therefor, by the majority of the House, a motion to adjourn or lay on the table, or both, are in order. This constitutes the precedence of the motions to adjourn and lay on the table over other motions, in Rule 25.

Motions stand as follows in order of precedence in Rule 26:

Previous question.

Adjourn.

Lay on the table.

Postpone indefinitely.

To commit or amend.

When the previous question is called, all motions below it fall, unless made prior to the call, and all motions above it fall after its second by a majority required. Pending the second, the motions to adjourn and lay on the table are in order, but not after a second. When in order and every motion is before the House, the question stands as follows:

Previous question.

Adjourn.

Lay on the table.

Postpone indefinitely.

Postpone definitely.

To commit.

Amendment to amendment.

Amendment.

Substitute.

Bill.

The previous question covers all other motions when seconded by a majority of the House, and proceeds by regular graduation to the main question, without debate, amendment, or motion, until such question is reached or disposed of.

58. All committees, other than the Committee on Appropriations, when favorably reporting any bill which carries an appropriation from the State, shall indicate same in the report, and said bill shall be re-referred to the Committee on Appropriations for a further report before being acted upon by the House. All committees, other than the Committee on Finance, when favorably reporting any bill which in any way or manner raises revenue or levies a tax or authorizes the issue of bonds or notes, whether public, public-local, or private, shall indicate same in the report, and said bill shall be re-referred to the Committee on Finance for a further report before being acted upon by the House.

59. The Principal Clerk, the Engrossing Clerk, and the Sergeant-at-Arms may appoint, with the approval of the Speaker, such assistants as may be necessary to the efficient discharge of the duties of their various offices, and one or more of whom may be assigned by the Speaker from the Engrossing Clerk's office to the office of the Legislative Reference Librarian for the purpose of drafting bills.

60. The Speaker may appoint a Clerk to the Speaker, and he may also appoint ten pages to wait upon the sessions of the House, and when the pressure of business may require, he may appoint five additional pages.

61. The Chairman of each of the following committees, Appropriations, Counties, Cities and Towns, Education, Finance, and Roads, may each appoint a clerk to the said committees; and the chairmen of Judiciary Committee, No. 1, and of Judiciary Committee, No. 2, may jointly appoint a clerk to serve both of said committees; and the chairmen of Agriculture and Banks and Banking may jointly appoint a clerk to serve both of said committees; and the chairmen of Propositions and Grievances and Insurance may jointly appoint a clerk to serve both of said committees; and the chairmen of Salaries and Fees and Courts and Judicial Districts may jointly appoint a clerk to serve both of said committees. All committee clerks

heretofore provided for are to be appointed by and with the approval of the Speaker. All committee clerks after being named as provided by this rule shall be subject to assignments by the chairman of the Rules Committee when they are not engaged with the committee or committees to which they have been regularly assigned.

62. That no clerk, laborer, or other person employed or appointed under Rules 59, 60, and 61 hereof shall receive during such employment, appointment, or service any compensation from any other department of the State Government, or from any other source, and there shall not be voted, paid, or awarded any additional pay, bonus or gratuity to any of them, but said persons shall receive only the pay for such duties and services as now provided by law. When the House is not in session the pages shall be under the supervision of the Principal Clerk.

63. The chairman and five other members of any committee shall constitute a quorum of said committee for the transaction of business.

64. The Committee on the Journal shall examine daily the Journal of the House before the hour of convening, and report after the opening of the House whether or not the proceedings of the previous day have been correctly recorded.

65. When a bill shall be reported by a committee with a recommendation that it be not passed, but accompanied by a minority report, the question before the House shall be "The adoption of the minority report," and if failing to be adopted by a majority vote, the bill shall be placed upon the unfavorable calendar. Such minority report shall be signed by at least three members of the committee who were present when the bill was considered in committee: *Provided, however*, that where a minority report is filed the proponents and opponents of the question presented thereby shall be allowed not to exceed ten minutes on each side to explain the question: *Provided further*, that by a majority vote the time may be extended for a discussion of the minority report and on the merits of the bill. In the event there is an unfavorable report with no minority report accompanying it, the bill shall be placed upon the unfavorable calendar. To take a bill from the unfavorable calendar, a two-thirds vote shall be necessary.

65a. A bill from the unfavorable calendar shall not be debatable, but the movant may make a brief and concise statement of the reasons for the motion before making the motion, taking not more than five minutes.

66. Whenever a public bill is introduced a carbon copy thereof shall accompany the bill. The Reading Clerk shall stamp the copy with the number stamped upon the original bill. Such copy shall be daily delivered to the joint committee hereinafter provided for. The Principal Clerk shall deliver the carbon copy of the bills designated to be printed, as hereinafter provided for, to the Public Printer and cause four hundred copies thereof to be printed. On the morning following the delivery of the printed copies the Chief Clerk shall cause the chief page to have one copy thereof put upon the desk of each member and shall retain the other printed copies in his office. A sufficient number of the printed copies for the use of the committee to which the bill is referred shall be by the chief page delivered to the chairman or clerk of that committee. If the bill is passed, the remaining copies shall be by the chief page delivered to the Principal Clerk of the Senate for the use of the Senate. The cost of printing shall be paid from the contingent fund of the House of Representatives. The Chairman of the Rules Committee of the House and the Chairman of the Rules Committee of the Senate shall appoint a sub-committee consisting of two members of the House and two members of the Senate from the body of the House and Senate, and such chairmen shall notify the Principal Clerk of the House and of the Senate who has been so appointed. Such sub-committee shall meet daily and examine the carbon copies of the public bills introduced and determine which of such public bills shall be printed and which shall not, and stamp the copies accordingly. Such sub-committee shall serve for one week unless for good cause the chairmen of the respective rules committees shall determine otherwise. If the member introducing a public bill, which the committee shall determine should not be printed, so desires, he may appear before the committee at the next meeting thereof with reference thereto.

67. Whenever any resolution or bill is introduced a carbon copy thereof shall be attached thereto, and the Principal Clerk shall cause said carbon copy to be numbered as the original resolution or bill is numbered, and shall cause the same to be available at all times to the member introducing the same. In case the resolution or bill is a public resolution or bill, an additional carbon copy shall also be attached thereto for the use of the Public Printer, under the provisions of Rule 66.

PART II

NEW STATE BOARDS AND COMMISSIONS

1. PROBATION COMMISSION.
2. BUREAU OF IDENTIFICATION AND INVESTIGATION.
3. ALCOHOLIC CONTROL BOARD.
4. GAS AND OIL INSPECTION BOARD.

NORTH CAROLINA PROBATION DEPARTMENT

Chapter 132, P. L. 1937

Probation Commission

Composition—Chairman and four members.

Personnel—The Honorable Wilson Warlick, Judge Superior Court, Chairman; Superintendent of Public Instruction, Clyde A. Erwin; Attorney General, A. A. F. Seawell; Commissioner of Paroles, Edwin Gill; and John S. Bradway, Director Legal Aid Clinic, Duke University.

Term—First appointments were from one to five years with one member's appointment expiring each year.

Compensation—Actual expenses not to exceed 5 cents a mile for travel and \$4.00 a day for subsistence while attending Commission meetings.

The Legislature of 1937 provided for the establishment of a State-wide adult probation system and for the appointment by the Governor of a Commission of five men. The Commission exercises general supervision over the Department, formulates policies, adopts general rules, regulates methods of procedure, sets standards for personnel and appoints a full-time director. The Director has supervision of the staff and Probation Officers and directs the administrative procedure. Under the Statute the Probation Officers supervise all adult persons placed on probation by the criminal courts of record in North Carolina. This includes 27 Superior Courts and 97 Recorder and County courts.

Composition of Department Other Than Commission—Director of Probation, 2 Case Supervisors, 11 Probation Officers, 3 Women Supervisors, Secretary, Supply and Budget Officer and Record Clerk.

Personnel—J. H. Sample, Director; C. B. Vaughan and L. H. Ranson, Case Supervisors; Mae Oliver, Fleda Summers Whitaker, and Elizabeth James Barrett, Office Staff. Probation Officers: J. D. Beaty, H. Vineent Leary, I. C. Crawford, S. E. W. Kenney, Kirkwood L. Hanrahan, R. Bruce White, Jr., Thos. D. Stokes, E. S. Whitaker, J. Wayland Sledge, P. T. McNeill and

A. Y. Howell. Women Supervisors: Pauline Cobb Griffin, Mrs. Charles Hutchins and Maude R. Jimison.

Compensation—Director, \$3,750; Case Supervisors, \$3,000 and \$2,700; Probation Officers and Women Supervisors, \$1,860.

The State is divided into 11 probation districts, each consisting of two judicial districts. One probation officer has headquarters in each district and supervises probationers from the courts in his territory. The districts average 9 counties and 11 courts each. The women supervisors handle the women on probation from 33 counties each.

The Probation Officers complete case histories on each person placed under their supervision and contact them at least once every thirty days during their period of probation. Every probationer is required to report in writing each month as to their activities, including name and place of employment, amount of money earned and how expended and other pertinent data as to their conduct. In addition to supervision duties the Probation Officers make pre-sentence investigations for the courts when the Judges are not familiar with the defendants and want to have before them the social history as well as the past records before passing sentence.

During the first year of operation of the probation system, from November 1, 1937, to November 1, 1938, there were 1,238 persons placed on probation by the courts. This is about an average of 100 to each probation officer and woman supervisor. Of these, 86, or approximately 6½ per cent, violated the conditions of probation and were brought back into court by the probation officers at which time their suspended sentences were placed into effect and they are now in the Penitentiary or in road camps. All of the 27 Superior Court judges have placed defendants on probation and 76 of the Recorder and County court judges. The average length of the probationary sentence imposed by the courts is 2.4 years and it is anticipated that when the Department has been in operation for two and a half years there will be between 2,000 and 3,000 men and women under the supervision of the probation officers and supervisors.

NORTH CAROLINA BUREAU OF IDENTIFICATION AND INVESTIGATION

Chapter 349, P. L. 1937

Personnel—Fred'k C. Handy, Director; Special Agents, O. F. Adkins, Marion, N. C.; Jas. W. Powell, Monroe, N. C.; Melvin C. Hoover, High Point, N. C.; Harry R. Paul, Washington, N. C.; Guy L. Scott, Winston-Salem, N. C.; and Field Agent John R. Morris, Wilmington, N. C.

Appointment of Director—By Governor.

Term—At will of Governor.

Compensation—\$3,600.

Duties—The 1937 Legislature authorized the Governor, in his discretion, to create a State Bureau of Identification and Investigation which he did one year later, March 15, 1938. The delay in doing so was due to the lack of money with which to finance the Bureau.

The Bureau is required, as far as possible, to keep statistics on all convictions of crime in the State; the Bureau's main function is to give assistance to Sheriffs, Chiefs of Police, Solicitors and Judges of the State in criminal investigations; to investigate and prepare evidence in the event of any lynching or mob violence in the State; to make any investigation desired by the Governor; to provide a scientific laboratory with facilities for the analysis of evidences of crime.

STATE BOARD OF ALCOHOLIC CONTROL

The Board has power to require observance of all laws relating to sale and control of alcoholic beverages, to audit accounts of all county stores, to regulate and maintain uniform prices. It has the power to remove any member of a county board if in their opinion he is unfit and may also remove any officer appointed in the several counties for violation of the spirit of the act. They may approve or disapprove the opening of a county store and may supervise purchasing by the county boards. They shall have power and authority to test all alcoholic beverages proposed to be sold and for this purpose may operate such apparatus, laboratories, etc., as may be necessary. Not less than five nor more than ten per cent of the net profits arising from the sale of said beverages shall be used for enforcement of the law by the counties. The State Board shall not expend more than one-fourteenth of the net revenue received by the State from the sale of Alcohol Beverages. The board shall require a uniform system of accounting by the county stores and may, in their discretion, grant, control or revoke permits to county stores.

The Governor has the power at all times to remove any and all members of the State Board and to fill such vacancy by appointment.

GASOLINE AND OIL INSPECTION BOARD

Chapter 425, Public Laws 1937

PLATFORMS OF POLITICAL PARTIES, 1938

PART III

1. STATE DEMOCRATIC PLATFORM.
2. STATE REPUBLICAN PLATFORM.

STATE DEMOCRATIC PLATFORM

Adopted at Raleigh, May 19, 1938

The platform follows:

The delegates to this convention, representing the Democrats in the one hundred counties of the State, adopt the following declarations as the platform of the party for 1938:

National Administration

We endorse the record of the national administration under the leadership of our great President, Franklin D. Roosevelt.

We endorse the heroic measures that have been recommended by the President and adopted by the Congress to restore normal conditions to prosperity for all classes of our people. We believe the groundwork has been laid for an era of unprecedented prosperity for agriculture, labor, business and industry.

In the spread of the national territory from the original 13 States to the present 48 States, every new geographical frontier was achieved under Democratic leadership and Democratic statesmanship. With fixed geographical boundaries, Democratic leadership, in State and nation, is establishing within these boundaries new frontiers of human rights and of social service and security. Never before has the popular mind been so fixed upon individual rights and the obligations of government to the forgotten man. Never before has there been even an effort made by our national government to provide security for old age, the unemployed and other groups in need of public assistance. The achievement of these great objectives necessarily involves troublesome adjustments, but no one antagonizes these new objectives, and the same statesmanship that has projected them can be depended upon to find the means to make them work, and without injustice to establish them as a part of the fixed policy of our government.

Congressional Delegation

We observe with pride the growing prestige of North Carolina's delegation in the National Congress, and record our appreciation of the services rendered by the State's Senators and Representatives.

State Government

We endorse the progressive record of the State Government, through its General Assembly, its departments and institutions, under the leadership of our popular Governor, Clyde R. Hoey. His administration is establishing new frontiers of service to all the people.

Public Education

Public education has for years been the pride of Democratic government in this State. It has been fostered until, with an eight months high school in reach of every child, we are achieving the Aycock objective of an equal educational opportunity for all the children of the State. During this administration we have:

Restored substantially the pre-depression level of salaries for teachers;

Provided free textbooks for all the children in the elementary schools;

Improved all secondary school roads and provided more safe and improved equipment for transportation of school children;

We are rapidly extending and enlarging facilities for vocational training of children in high schools.

This record of service is a pledge of future interest in and liberal support of public education by the Democratic party.

Public Health

Our liberally supported and progressive and aggressive public health service has gone a long way in its efforts to promote the health of our people, and particularly to eradicate infectious and contagious diseases. Our efforts in this direction have been supplemented in an important way by the action of the trustees of the seven million dollar endowment fund of the Smith Reynolds estate in dedicating the income of this endowment to the eradication of venereal diseases, and to be expended in complete co-operation with the State Board of Health. This liberal action should stimulate our own co-operative action to achieve this great purpose.

Public Roads

We approve the major interest of the present administration in improving secondary public roads that serve the intimate

needs of those not on the main State highways. While this program is being carried out in liberal measure large expenditures are continually being made to improve and extend standard highways. As rapidly as funds permit new links are being laid, congested links widened, dangerous curves are being removed and shoulders improved in the interest of safety and convenience. Every possible means of co-operation is and should be given to the completion as rapidly as possible of the crest-of-the-ridge scenic highway to the Great Smoky Mountains National Park—the most beautiful area on the American continent.

Highway Safety

We pledge our support to the program, sponsored by the present administration, to use every reasonable means of engineering, education and enforcement, to make the use of our highways safe, and to this end we call upon all public officials to enforce traffic laws without fear or favor, and we invite the co-operation of all the people of the State in support of this effort to reduce fatalities, injuries and property damage on highways.

Social Security

Through the co-operation of Federal, State and local governments, regular monthly benefit payments are now being made to approximately fifty thousand people in the State who never knew before that government was interested in their difficult problems of age, unemployment and other causes of disability.

Agriculture

The fact that North Carolina outranks every State in the Southeast in the value of its farm products is a significant indication of the intelligent interest that State government has maintained in the State's chief business of agriculture, through its State Department of Agriculture, its College of Agriculture and extension service, its agricultural courses in rural high schools, and through the numerous activities of these agencies. It is co-operating fully with every helpful service of the Federal government to improve the economic condition of the most numerous class of our citizenship. It pledges a continuance of every helpful service to achieve this end.

Industry and Labor

Under just laws, providing fair and equal treatment for capital and labor, North Carolina has become a great industrial State.

Today, as in the past, the Democratic party recognizes its responsibility for the welfare of the workers of the State and we pledge ourselves to continue the policies initiated by our party that have won national recognition for North Carolina in the field of labor legislation and labor law administration. We are proud of the fact that at the Fourth National Conference on Labor Legislation held in the Nation's Capital in October, 1937, North Carolina was one of the 12 States, and the only Southern State, to be cited for outstanding progress in labor legislation, in that our State had enacted an Unemployment Compensation Law; had established a State Employment Service; had provided for assistance for our disabled aged workers; had provided for occupational disease coverage in our Workmen's Compensation Law; had provided for scientific surveys of working places for occupational disease hazards; had passed a maximum hours law for men and women; had passed a model boiler inspection law, and other safety measures; had adopted an industrial code second to none in the nation, and had enacted the best child labor law in the United States.

We will continue to protect the worker in the exercise of his just rights, recognizing among these the right of collective bargaining and self-organization free from interference. We pledge ourselves to maintain and further perfect the State's child labor law and its maximum hours law and to urge enactment of other laws to promote the welfare of our workers and the improvement of working conditions in North Carolina.

The Democratic party has opposed, and will continue to oppose, all forms of intimidation and coercion, whether against worker or employer, and holds the worker's rights to work as sacred as his right not to work. We hold that the true interests of workers and employers do not conflict; that differences between employers and workers should be settled not by industrial war, but by peaceful conference. We commend both employers and employees upon the peaceful relationships existing throughout industrial North Carolina.

Advertising

We approve the program of presenting intelligently and without boast to the outside world the many advantages which our State has to offer to prospective tourists, to prospective residents, and to prospective business and industry. They may be assured of ideal conditions, and the friendly welcome of a friendly people.

Prison Reform

We are making rapid progress in a humane and enlightened treatment of our criminal class.

Our central State prison has been completely modernized and made fire-proof and sanitary, and now ranks with the very best institutions of its kind in the country.

With WPA assistance we are rapidly approaching the point where every prison camp will be fire-proof and sanitary.

Through a regularly employed religious instructor, religious services are held every Sunday in every prison and prison camp in the State. This service is provided through regularly arranged volunteer teacher service.

Recreational facilities are provided and wholesome sports encouraged.

A genuine effort is made to improve the religious, moral and educational standards of prisoners. It is believed that this program will prevent the return of many offenders to criminal ways.

The parole system has been broadened, and under act of the last General Assembly a new probation system, under the supervision of a State Board and probation field officers, has been inaugurated. It is believed that an intelligent use of this system will result in reformation to good citizenship in many cases.

The State Budget

The progressive program that is being carried out in this biennium is being achieved without any increase in tax burdens, and every dollar of expense, and of bond interest and maturing bonds, is being met from current revenue. An important reduction in the State debt is being made every year. Notwithstanding this broad program of public service the average tax on property in North Carolina is lower than in

any other American State, because no tax is levied by the State on farms, homes or any kind of tangible property. The State has been striving for a fair and just tax system to carry its heavy load of public service that reaches every home in the State, without a tax on property, and without unreasonable burdens on any class. An essential feature of this program has been a consistent policy of strict economy in every branch of the State service. Carefully scrutinized appropriations are again carefully scrutinized before spendable allotments are made by the Budget Bureau. All purchases are made on advertised bids to the Division of Purchase and Contract. State general fund revenues are collected at an average cost of one and thirteen one-hundredths (1.13) per cent. The total administrative cost for all departments of the State government is only four and eight-tenths (4.8) per cent of general fund revenue.

Good Will

We commend the fine public service of Governor Hoey in promoting understanding between the State government and the people, and his administration to a spirit of friendship and co-operation between all sections and between all classes of people in the State. In thirty-eight years of wholesome Democratic control of our State government we have achieved an enviable position in the sisterhood of States for clean, progressive government. In this spirit of co-operation we will go furthest in the development of a great State, and in its ability to serve the needs of all the people.

STATE REPUBLICAN PLATFORM

The Republican party of North Carolina, in convention assembled in Charlotte, on March 16, 1938, adopted the following platform and if entrusted with the power, will enact those principles and pledges into law.

State Affairs

North Carolina, geographically and from a standpoint of natural resources, is one of the most favored States in the Union. The Republicans of North Carolina are proud of their State, and glory in its record of achievements. With its natural treasures and the boundless energy of an intelligent and industrious population, our State should be able, under proper political management, to conduct its public affairs without increasing the per capita cost of State government, or increasing its bonded indebtedness; yet, during the past few years, under exclusive Democratic control, it has increased the cost of government more than 300 per cent, and has increased the bonded debt of the State over 1000 per cent.

In order to provide lucrative jobs for Democratic politicians and their lieutenants, more than 100 departments, bureaus, and commissions have been created, at an enormous and unnecessary cost, and in order to provide funds for this extravagance and waste, our State Legislatures and taxing authorities, year after year, spend their time in searching out new things to be taxed, new methods of taxation, and new ways of exacting more and more money from the people under the guise of taxes. We favor the return by the State to the counties of the entire net intangible property tax.

The General Sales Tax

One of the most unjust and annoying of these tax devices is the general sales tax, which falls most heavily upon the poor and laboring classes and forces the merchants and tradesmen to become unwilling tax collectors for the State and without reward or compensation.

Wrongful Division of Road Funds

The tax on gasoline and the motor vehicle tax is levied and collected ostensibly to build and maintain the public highways, yet in order to take care of their annual deficits in operating the State penitentiary, the Democratic machine, by a cunning legislative device, has placed that institution under the Highway Commission, and thereby shift the burden of its maintenance to the road fund, which naturally retards road construction and maintenance.

This is a wrongful diversion of public funds, and is immoral, if not illegal, and should be openly condemned and promptly discontinued.

Reduction of Motor Vehicle License Tax

Since the motor vehicle license tax is excessively high, and not being used exclusively for road purposes, we demand that the license tax on motor vehicles be substantially reduced.

The Republican party pledges the people, if entrusted with that power, to repeal the onerous general sales tax, to reduce the annual license tax on motor vehicles, to stop the wrongful diversion of road funds to support the State penitentiary, and we further pledge to abolish every department, bureau, commission and office that is not essential to an economic administration of our State government, thereby reducing the operating expense, and return many hundred useless political employees, now pensioners of the State, back to private employment and honest labor.

Honest Elections and Repeal of Absentee Ballot

The Republican party has always stood for fair elections and again pledges the people of this State to advocate the repeal of the Absentee Ballot, for all elections, the abolition of markers, and demand election officials of our own choosing and equal representation of both parties in the registration of voters, and in the conduct of primary and general elections, to the end that every qualified voter, irrespective of party, race or creed, may be assured the right of a free ballot and an honest count, the only safeguard of free representative government.

Non-Partisan Judiciary

We favor a non-partisan judiciary in this State in like manner as we have a non-partisan federal judiciary.

The policy of selecting outstanding lawyers of both parties for positions on the Superior and Supreme Courts is not only just and fair, but would prove a wholesome policy and remove any suspicion of political influence in the administration of justice in the courts of this State.

Intoxicating Liquors

We believe the question of the regulation or prohibition of the manufacture and sale of intoxicating liquors for beverage purposes is strictly a social and moral problem, which cannot be solved by making it either a local or partisan issue. Nevertheless, we oppose the legalized manufacture and sale of intoxicating liquors in any part of North Carolina unless first approved by the people in a State-wide referendum.

Public Schools

We favor a State-supported uniform system of public schools, as provided for in the Constitution, with free educational opportunities for every child in the State, whether it lives in a poor county or a rich county. We favor free text-books, and safe transportation of the pupils, where necessity requires it. We favor a high standard for teachers, who shall be paid a decent salary, and we favor a non-partisan School Commission and County Boards of Education, to the end that no political consideration will enter into the control of the schools, or in the selection of the teachers.

Non-Partisan Control of State Institutions

We favor now, as we have always favored, liberal support of all the charitable, penal, and educational institutions of the State, to be controlled by non-partisan boards.

All relief funds, whether from the county, State or national government, are derived from all the people, and the administration of these funds, whether for the aged and poor, or for farm relief, is in no sense a political matter, and all individuals

and local agencies that administer these funds should be selected without regard to party affiliations, and should apportion these funds without injustice or discrimination.

National Affairs

The New Deal came into power upon a Democratic platform denouncing extravagance and pledged to a program of economy in government. It has scorned its covenant with the people, undermined American traditions and institutions, imposed higher and more punitive taxes, incurred a greater public indebtedness, and practiced more waste, extravagance and graft in the expenditure of the people's money than any other administration in the Nation's history.

It has used public money to build and maintain a partisan political machine.

It has urged the passage of unconstitutional laws.

It has endeavored to destroy the independence of the Judiciary and fostered disregard for law.

It has arrayed labor against capital, employee against employer, poor against rich, class against class, faction against faction, and section against section, and has destroyed the morale, self-reliance and spirit of free initiative of millions of our people.

It has fostered socialism, communism, and dictatorship, and has made free America into a land of tyranny and oppression.

It has penalized thrift, individual initiative, and free enterprise, at the same time placing a premium upon idleness and indolence.

We believe in government by law enacted for the general welfare, rather than by men who are actuated by malice or sectional, factional, or class prejudice. We believe that ordered prosperity and the happiness of our people are being retarded by the conduct of high governmental agencies in arousing factional, class, and sectional prejudice and hate. Government belittles itself by encouraging a spirit of vindictiveness instead of cultivating the spirit of the "good neighbor" and brotherly love among the people, and also by admittedly punitive legislation and taxation. We do not believe the country can prosper under an administration which covets the "mastery" over any law-abiding element of our citizenship.

We solicit the support and co-operation of all citizens regardless of party affiliation who believe in the policies of government herein declared; who adhere to the governmental principles of Washington, Jefferson and Lincoln; who believe that the maintenance of the principles promulgated in the Declaration of Independence and embodied in the Federal and State Constitutions are essential to the preservation of our Republican form of government; and who believe that government within the limits of our written Constitution, interpreted in the light of Twentieth Century progressing civilization, and the rights of the States as therein declared, must be preserved.

With all those of this faith we desire to join hearts and hands in earnest devotion to these sacred principles of free government. Without partisan spirit, placing country above party, with charity for all, and with malice toward none, let us join battle with those who would destroy the constitutional liberties of our people.
